

Custom Wooden Crate Manufacturing

Technical product datasheet • Project pre-evaluation document

ORIGIN	Timber selected for the project
PRODUCT TYPE	Custom manufacture for packaging and transport
CHARACTER	Functional timber structure designed to requirement
APPEARANCE	Natural timber appearance depending on selected material
PRODUCT / FORM	Standard or custom-dimension crate structures
PRIMARY APPLICATIONS	Transport, packaging, equipment and project shipments
DENSITY / TECHNICAL VALUES	Confirmed per project according to species, grade, section and moisture content.

TECHNICAL NOTE

Section sizes, joints and carrying capacity should be determined from product weight, transport method and project requirements.

This datasheet provides preliminary product-selection information. Final technical suitability should be evaluated together with service conditions, project requirements, product grade and applicable standards.
