

Pilot Ladder Step Manufacturing

Technical product datasheet • Project pre-evaluation document

ORIGIN	Custom manufacture based on Keruing timber
PRODUCT TYPE	Custom timber component for marine use
CHARACTER	Made to dimensional and project requirements
APPEARANCE	Natural tropical timber appearance
PRODUCT / FORM	Custom-dimension steps and project manufacture
PRIMARY APPLICATIONS	Pilot ladder / marine step applications
DENSITY / TECHNICAL VALUES	Confirmed per project according to species, grade, section and moisture content.

TECHNICAL NOTE

Final dimensions and technical requirements should be verified against project documentation and the applicable marine standard.

This datasheet provides preliminary product-selection information. Final technical suitability should be evaluated together with service conditions, project requirements, product grade and applicable standards.
